

# *SALTWATER SOLUTION* **SEAS THE DAY**

## **SUPERIOR SALTWATER PACKAGE**

MasterCraft offers the most comprehensive saltwater solution in the towboat segment. Thoughtful engineering and premium parts ensure your boat is optimized for sunrise to sunset saltwater adventures.

## **THE BEST SALTWATER EXPERIENCE**

Over the past decade we have meticulously refined our materials, vendors and mechanics to ensure your investment is protected from the harsh environment brought on from saltwater and brackish water. From a powerful closed-cooled motor system with the industry's best warranty to sacrificial aluminum anodes, every detail has been carefully thought out, tested and proven to deliver the quality and reliability you expect from MasterCraft.

## THE DETAILS THAT MATTER

### 1. SACRIFICIAL ALUMINUM ANODES

Sacrificial anodes protect the metal components under the waterline from corrosion.

### 2. TEFLON COATED ALUMINUM

MasterCraft's standard platform brackets are replaced with a salt-safe version for optimal durability and longevity.

### 3. HYDRAULIC STEERING

The standard mechanical steering system is replaced with a salt-safe hydraulic system.

### 4. STAINLESS STEEL SHOCKS

Stainless steel shocks replace standard shocks for extended life in saltwater environments.

### 5. SPAGHETTI MESH LINER

Standard storage floor lining is replaced with an easily washable rubberized mesh flooring liner.

### 6. ELECTRICAL BONDING SYSTEM

A bonding harness to add additional protection to metal components under the waterline.

## ILMOR MOTOR UPGRADE

All MasterCraft boats come standard with a convenient engine flush hookup and corrosive protecting paint, however, when opting for a saltwater package the base motor will be upgraded to an Ilmor 5.3L or 6.2L GDI V8 (dependent on model selected.) These engines feature an efficient, fully closed-cooling system and produce 365HP with and 430HP respectively.

### WORLD CLASS WARRANTY

Ilmor engines have an unprecedented 7-year, 1,000-hour, factory-backed warranty—the most comprehensive in the towboat industry.

### MEAN AND CLEAN

The Ilmor GDI class engine is one of the top 5-star emissions rated gasoline marine engines in the world.

### UNMATCHED EXPERIENCE

Ilmor is MasterCraft's exclusive partner for marine engines, and has more than 30 years experience in the automotive industry.
