

Job Description for Finance Intern

<i>Position:</i>	Finance Intern		
<i>Department</i>	Finance		

Job Description

General Description of Position:

MasterCraft's finance interns have the opportunity to work in a fun and fast-paced industry for an iconic boating brand while gaining valuable, real-world experience in finance and accounting. As an intern for MasterCraft, you will be a valued member of a high-performing team serving a multi-division, publicly traded company. The purpose of this internship is to introduce outstanding students to MasterCraft through a challenging and rewarding experience with potential exposure to treasury, investor relations, strategy, financial systems, planning and forecasting, general accounting, and financial reporting.

Duties:

Duties will be customized based on the individual student and current business needs, with the intention of providing broad exposure to MasterCraft's finance function.

Duties may include the opportunity to:

- Take ownership of important daily and monthly responsibilities and tasks
- Impact decision-making through research or analysis projects intended to result in meaningful, actionable business insights
- Interact with a broad range of MasterCraft personnel, including management
- Support new ERP implementation on various finance functions
- Support finance team, strategy team, and investor relations team with other duties as assigned and ad hoc projects

Qualifications:

- Prefer class standing of junior or above
- Proficiency in Microsoft Office suite (Excel, PowerPoint, Word, Teams)
- Currently pursuing a bachelor's degree in finance or accounting
- Detail oriented and organized with good interpersonal communication skills
- Analytical, problem-solving, and communication skills
- Strong work ethic, highly motivated, and an eagerness to learn
- Must be authorized to work in the United States without visa sponsorship by MasterCraft
- Must be willing to work in person in Knoxville, TN and Vonore, TN

Environmental Conditions:

Works in office environment. Office environment has controlled temperature, humidity and noise levels. Effective near vision or near vision accommodation is required. Talking and hearing are required. Minimal bending, stooping, walking, and stair climbing are required as is lifting items of moderate weight. MasterCraft quality standards and safety rules and regulations are mandatory.
